Speed up your cooking

Serrated knife for your food processor

"I use my food processor every day. This one chops like a ninja and speeds up every aspect of my cooking, whether I'm slicing, shredding or mixing. It can even be used to knock up a quick ice cream. It's a great kitchen shortcut" Jamie O.

Saves time while preparing fresh healthy food

- Adjustable slicing disc for thin to thick slices (1 - 7 mm)
- Reversible shredding disc (fine or coarse)
- Metal double balloon beater for egg whites and cream
- Innovative serrated knife for quick frozen desserts

Confidently control power and speed settings

- PowerChop technology for superior chopping performance

Easy processing and effortless cleaning

- Dishwasher-safe accessories

Highlights

Reversible shredding disc

Cooking delicious meals for friends and family doesn't have to be time consuming. This reversible shredding disc ensures that onions, carrots, courgettes and potatoes are grated in seconds. Useful for curries, salads, stews and gratins – and maybe a great way to bring more vitamins and fibre into your diet!

Metal double balloon beater

The double metal balloon beater creates fluffy egg whites and perfectly whipped cream. For best results, use speed 1, which ensures the fluffiest results. Creating delicious desserts has never been easier!

Innovative serrated knife

Busy parents can now treat their children (or themselves) to healthy frozen desserts. This innovative serrated knife makes instant "ice lollies" from frozen berries, yoghurt and honey in a matter of seconds. Thanks to the serrated edges, crushing ice cubes is quick and simple too.

Adjustable slicing disc

"We all lead increasingly busy lives, so saving time in the kitchen while still putting tasty and nutritious food on the table is incredibly important. I want busy parents to feel as comfortable as possible using the new Food Processor, which will give back some extra special time to spend with family or friends by reducing meal preparation time." This slicing disc is easily adjusted to enable a variety of different thicknesses of apples, potatoes or other ingredients.

Exclusive Jamie Oliver recipes

Each product in the range of Jamie's Tools by Philips Jamie Oliver comes with exclusive recipes from Jamie to help prepare a range of easy, fresh dishes that all the family will love.

Jamie's Tools

"For me, it's about encouraging more people to enjoy cooking and to feel as comfortable and confident as possible using this kit. And, ultimately, I set out to design a range that I would be genuinely happy to have and use in my own kitchen. Every piece of kit from the Jamie's Tools range by Philips Jamie Oliver

has a splash of lovely cornflower blue, the colour I chose to match the clean retro shapes we've used. This stuff is meant to be shown off, not hidden away in cupboards."

Dishwasher-safe accessories

All Philips Food Processor accessories included in your box are dishwasher safe.

PowerChop technology

PowerChop

PowerChop technology is a combination of blade shape, cutting angle and inner bowl that provides a superior chopping result for both soft and hard ingredients. It is also perfect for making purées and mixing your cake batters!
