PHILIPS

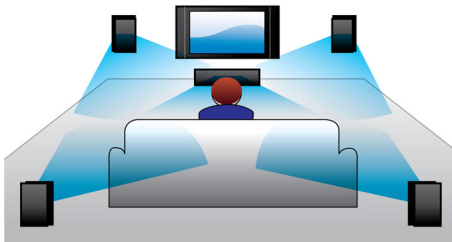

Highlights

Ambisound

Ambisound technology produces truly embracing multi-channel surround sound from fewer speakers. It delivers an immersive 5.1 sound experience without the constraints of sitting position, room shape or size, and without the clutter of multiple speakers and cables. Through the combined effect of psychoacoustic phenomena, array processing and precisely angled driver positioning, Ambisound delivers more sound from fewer speakers.

Dolby Digital and DTS

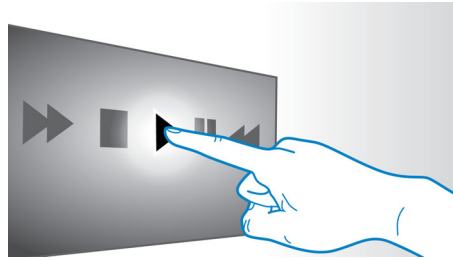

Go digital and get the most out of your music and movies. Even stereo music sounds great because Dolby Digital and DTS Digital Surround enhance digital music and videos, pumping it up so you get truly immersive surround sound out of your home cinema speaker.

300 W RMS power

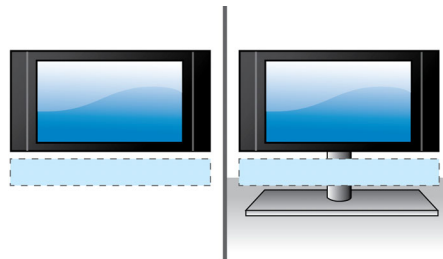

300 W RMS power delivers great sound for movies and music

Touch panel for playback

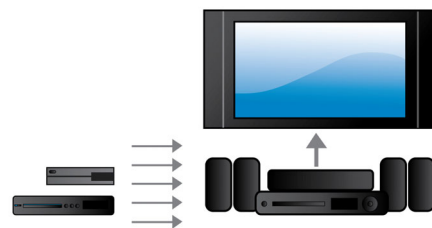

Intuitive touch panel control allows you to control the volume as well as other playback options by simply pressing the touch sensitive controls on the front panel.

Flexible placement

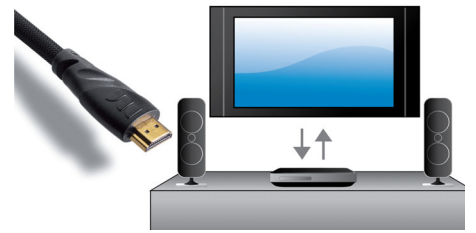

Enjoy the versatility of this home theatre system that allows you to place it where you want. Whether on a TV stand, on a table or mounted on a wall, the product looks sensational and functions without compromise. For once, you get to control how your home looks without giving up an incredible home theatre experience.

HDMI Hub

The HDMI Hub provides additional HDMI ports to allow you to conveniently connect other devices such as your games console or HD set-top box to your home theatre. By connecting your devices through the HDMI Hub, you can enjoy high-definition sound and pictures for all your entertainment.

Easily connect your TV

Easily connect your TV via a single HDMI cable

Perfect match to Philips 7000 series TV*

Perfect match to Philips 7000 series TV Intensify your cinematic experience at home with a matching Philips 7000 series 2011 TV. The 3D TVs combine powerful LED pictures and Ambilight to deliver an immersive 3D movie experience. Both TV and home theatre can be operated with only one remote control and the combined set ensures the best picture and sound performance with Philips Easylink via HDMI. In addition they are both designed with the same materials and finishing for a perfect visual match!

iF design awards 2012

Established in 1953, the iF Design Award is the most coveted product design prize today.

SoundBar Home theatre with Ambisound HTS7111 brings home entertainment in style. It splendidly delivers more sound from fewer speakers - thanks to Ambisound. Its stunningly thin bar also matches perfectly with any flat screen TV. With touch controls, a brushed metal finish, curved metal grilles and chrome plated driver rings, it lends a seductively sleek look to the home.
