Better plaque removal*

*than a manual toothbrush

Designed to be as easy to use as a manual toothbrush, but removes more plaque.

Provides a superior clean

- Sonic Technology
- Removes more plaque than a manual toothbrush
- Angled brush head neck for better reach to back teeth

An easy way to switch your current routine

- Easy to Use
- Familiar brushing motion - like a manual toothbrush

Guides you to follow dental recommendations

- Two-minute timer helps ensure recommended brushing time

Proven to improve oral health

- Clinically proven safe and gentle
- Helps reduce cavities
- Philips Sonicare toothbrush helps whiten teeth

Highlights

Sonic Technology

More strokes in 1 day than your manual toothbrush in a month. Over 15,000 brush strokes per minute.

Easy to Use

Slim, ergonomic handle is designed to be as easy to use as a manual toothbrush.

Helps reduce cavities

Brushing twice a day every day helps reduce cavities

Safe and gentle

Philips Sonicare is a gentle electric toothbrush for braces (brush heads wear out sooner when used on braces), and is safe for dental restorations (fillings, crowns, veneers) and periodontal pockets, too.

Removes more plaque

Removes more plaque than a manual toothbrush.

Familiar brushing motion

Familiar brushing motion and brush head shape of a manual toothbrush, but with the cleaning power of over 15,000 strokes per minute.

Angled brush head neck

The uniquely angled brush head neck of this toothbrush head makes it easier to reach back teeth, removing plaque in those hard-to-reach areas.

SmartTimer

2-minute timer on this Philips Sonicare electric toothbrush helps ensure dental professional recommended brushing time
