Highlights

Bristle design

A contoured profile fits children's teeth and soft bristles provide a gentle cleaning experience.

Reminder bristles

At first glance it may not be obvious, but brush heads lose stiffness and gradually wear down over months of normal use. Our blue reminder bristles fade to white and help patients recognize when it's time for a replacement. For optimal results, replace brush heads every three months.

Rubber overmold

Provides added protection for growing teeth and a safer, gentler brushing experience.

Better oral healthcare

Like all authentic Philips Sonicare branded brush heads, this brush head is safe on teeth and gums. Each brush head has been quality tested for exceptional performance and durability.

Click-on design

Philips Sonicare brush heads click on and off the brush handle for a secure fit and easy maintenance and cleaning. Fits all Philips Sonicare toothbrush handles except: PowerUp Battery and Essence.

Sonic technology

Philips Sonicare brush heads are vital to our core technology of high-frequency, high-amplitude brush movements performing over 31,000 brush strokes per minute. This dynamic cleaning action drives fluid deep between teeth and along the gumline, for a thorough yet gentle cleaning.
