- Ultra-soft bristles for a more effective, gentle clean

Designed to optimise performance

- Reminder bristles ensure you are getting an effective clean

A brush head that fits multiple handles

- Snap-on brush head

Gentle yet effective cleaning

- Gently removes plaque for an absolute clean and smooth feel

Highlights

Ultra-soft bristles

Ultra soft bristles at the core of the bristle field are 25% softer than our standard ProResults brush head. For a more effective, gentle clean.

Innovative new brush head

Innovative new brush head profile delivers a gentle experience while brushing sensitive teeth and gums.

Gently removes plaque

Gently removes plaque for an absolute clean and smooth feel.

Reminder bristles

Reminder bristles let you know when to replace the brush head. After three months of normal use bristles exhibit fatigue, and brush heads are less effective. Replace your brush head every 3 months.

Snap-on brush head

Easy brush head placement and handle cleaning
