Highlights

Age-appropriate brush heads

This Philips Sonicare electric toothbrush has 2 brush head sizes that are specifically designed to gently clean and protect teeth at key developmental stages

Anti-roll shape

Sturdy handle design allows kids to store upright as well as apply toothpaste while the toothbrush is laying flat.

Multi grip design

Ergonomically designed to enable parents and kids to brush together or own their own

Patented sonic technology

Sonicare electric toothbrush's unique dynamic action gently and effectively reaches deep between teeth and along the gumline.

Interchangeable panels

Allows kids to customize their toothbrush

KidPacer

Fun sounds encourage kids to brush the front and back of both upper and lower teeth

KidTimer

Increases brushing time slowly over 90 days, building towards the dentist recommended 2 minutes

Power modes

2 Kid-friendly power modes adapts to different ages providing a gentle cleaning that's ideal for different ages. There is a low mode for ages 4 and up and high mode for ages 7 and older

Rubberized brush head

Rubberized brush head is designed to protect young teeth
