Proven to improve oral health

- Naturally whiter teeth with patented sonic technology
- Clinically proven safe and gentle
- Improves gum health in just two weeks

Offers you a customized cleaning experience

- Easy-start program to acclimate to the Sonicare experience

Highlights

Patented sonic technology

Sonicare's unique dynamic action gently and effectively reaches deep between teeth and along the gumline.

Angled brush head neck

Uniquely angled brush head neck makes it easier to reach back teeth, removing plaque in those hard-to-reach areas.

Naturally whiter teeth

Dynamic Cleaning Action and direct broader contact with each tooth, has proven to remove everyday stains, to help keep teeth naturally whiter.

Safe and gentle

Your Sonicare is safe to use on: braces (brush heads wear out sooner when used on braces), dental restorations (fillings, crowns, veneers) and periodontal pockets.

Improves gum health

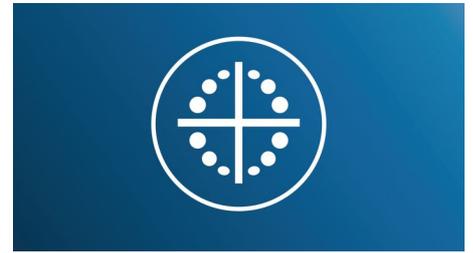

Optimal cleaning between teeth and along the gumline provides improved gum health in just two weeks. Giving a superior cleaning in between teeth and removes significantly more plaque to a manual toothbrush

Smartimer

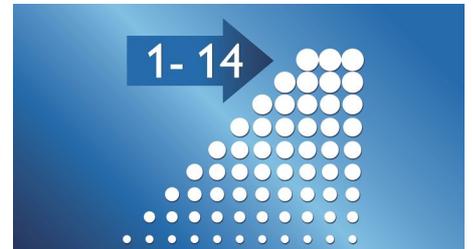

Two-minute timer automatically tracks brushing time and turns the toothbrush off after two full minutes of brushing is complete.

Quadpacer

30 seconds interval timer indicates when you have completed each quadrant of your mouth and signals for you to move on resulting in more consistent cleaning throughout your mouth

Easy-start program

Gently increases power over first 14 uses to ease into the Sonicare experience
