- High performance nozzle
- Triple burst customizable settings

The easiest way to effectively clean between teeth
- An easy way to start a healthy habit
- Takes just 60 seconds: Point, Press, Clean!
- Total daily confidence of a fresh and clean mouth

Highlights

### Up to 99.9% plaque removal

AirFloss Pro/Ultra removes up to 99.9% of plaque from treated areas.***
Micro-droplet technology

Our clinically-proven results are possible from our unique technology that combines air and mouthwash or water to powerfully yet gently clean between teeth and along the gumline.

Easily start a healthy habit

Interproximal cleaning is very important to overall oral health. AirFloss is an easy way to clean deeper between teeth, helping to form a healthy habit.

Better gum health

Philips Sonicare AirFloss Pro/Ultra is clinically proven to improve gum health as much as floss.** Helps improve gum health in as little as two weeks.

Cleans in just 60 seconds

With the AirFloss Pro/Ultra, cleaning your entire mouth takes less than 60 seconds a day. Simply select your burst frequency (single, double or triple), and hold down the activation button for continuous automatic bursts or press and release for manual burst mode.
Fresh & clean with mouthwash

Fill the reservoir on the handle with either mouthwash or water, then point and press. Use with mouthwash for the ultimate fresh experience and anti-microbial benefits.

Helps prevent cavities

By gently bursting away plaque that brushing missed, Philips Sonicare AirFloss Pro/Ultra helps prevent cavities from forming in the spaces between your teeth.

High performance nozzle

The new AirFloss Pro/Ultra high performance nozzle amplifies the power of our air and micro-droplet technology to be more effective and efficient than ever.

Triple burst customization

AirFloss Pro/Ultra's powerful spray can be customized to your liking, with single, double or triple bursts for each press of the activation button.

Specifications

Items included
