Tough on plaque. Gentle on gums.

Exceptional plaque removal every day

The Philips Sonicare ProResults plaque control toothbrush head is perfect for those who want to maintain optimal plaque removal as part of their everyday oral healthcare routine.

**Delivers advanced plaque removal**
- Removes up to 6 times more plaque than a manual toothbrush

**Designed to optimize performance**
- Optimized to deliver superior plaque removal*
- Reminder bristles ensure your most effective clean
- Philips Sonicare’s advanced sonic technology

**Proven to improve oral health**
- Part of a better oral healthcare routine

**A brush head that fits multiple handles**
- Works with any Philips Sonicare click-on toothbrush
**Highlights**

**Superior plaque removal**

This brush head features densely-packed, high-quality tufts to effectively remove plaque. Also features specially curved power tufts to easily reach teeth at the back of the mouth.

**Removes up to 6x more plaque**

Clinically proven to remove up to 6 times more plaque than a manual toothbrush.

**Maximized sonic motion**

Philips Sonicare's advanced sonic technology pulses water between teeth, and its brush strokes break up plaque and sweep it away for an exceptional daily clean.

**Click-on brush head system**

This brush head clicks on and off your brush handle for a secure fit and easy maintenance and cleaning. It fits all Philips Sonicare toothbrush handles except: PowerUp Battery and Essence.

**Better oral healthcare**

Like all authentic Philips Sonicare branded brush heads, this brush head is safe on teeth and gums. Each brush head has been quality tested for exceptional performance and durability.

**Reminder bristles**

At first glance it may not be obvious, but brush heads lose stiffness and gradually wear down over months of normal use. Our blue reminder bristles fade to white and help you recognize when it’s time for a replacement. For optimal results, replace your brush head every three months.
