Our deepest cleaning brush head

Up to 10x more plaque removal* for great results

Get a clean as unique as your smile. Our C3 Premium Plaque Control adapts to the contours of your teeth and gums thanks to soft, flexing sides that give you 4x more surface contact than a regular brush head** for a comfortable, deep clean.

For exceptional plaque removal

- Up to 10x more plaque removal than a manual toothbrush

Philips Sonicare's deep clean

- Up to 4x more surface contact** for an effortless deep clean

Innovative technology

- Automatically selects optimal mode for ultimate results***
- Philips Sonicare's advanced sonic technology

Designed to optimize performance

- Always know when to replace. Always get an effective clean.
- Click-on design for simple brush head placement
- Tested to meet your oral health needs

Highlights

Say goodbye to plaque

And thanks to its flexible design, it removes up to 10x more plaque from hard-to-reach areas* for a truly deep clean along the gum line and between teeth.

Adaptive cleaning technology

You get a personalized clean every time you brush with our adaptive cleaning technology. Soft rubber sides flex to let C3 Premium Plaque Control adapt to the shape of your teeth and gums, absorbing any excess brushing pressure and enhancing our sonic cleaning power. Bristles can then adjust to the shape of your teeth and gums so you get up to 4x more surface contact than a regular brush head** for deeper cleaning in hard-to-reach areas.

BrushSync™ mode-pairing

You'll always get the best possible clean with our BrushSync™ mode-pairing feature***. The Philips Sonicare C3 Premium Plaque Control brush head syncs with your BrushSync™ enabled Philips Sonicare toothbrush handle***, selecting the optimal brushing mode and intensity level for exceptional cleaning. All you need to do is start brushing.

Philips Sonicare technology

Philips Sonicare's advanced sonic technology pulses water between teeth, and its brush strokes break up plaque and sweep it away for an exceptional daily clean.

Brush head replacement cues

Brush heads become less effective after 3 months of use, but with BrushSync™ you'll be reminded before this happens. Your smart

toothbrush will track how often and how hard you brush, and will notify you when it's time for a replacement. Don't have a smart Philips Sonicare toothbrush? Just monitor your blue replacement bristles, and when they turn white you'll know it's time for a fresh brush head.

Easy to click-on

Your C3 Premium Plaque Control brush head fits perfectly with any Philips Sonicare toothbrush handle, except Philips One and Essence. Simply click on and off for easy replacement and cleaning.

Brushing with peace of mind

All Philips Sonicare brush heads are safe and gentle on teeth and gums. During tests, each brush head is put through its paces to ensure durability and an exceptional performance every time you brush.
