

Philips Sonicare DiamondClean Sonic electric toothbrush

Philips Sonicare's best whitening is our most elegant sonic electric toothbrush. Remove up to 10x more plaque with Adaptive clean, and get a whiter smile in 1 week with our DiamondClean brush head.

Our eco passport

Philips wants to make the world healthier and more sustainable. To make this a reality, we have to keep thinking differently; pushing the boundaries of what is currently believed possible. We continuously innovate and deliver products and technologies that are positive for people and the environment. At Philips we call this Green Innovation.

We know this is important to you too. So we have developed an eco passport which explains the environmental performance of our products in the Philips Green Focal Areas, developed through our eco design process since 1994, enabling you to make conscious, informed decisions. An eco passport will explain the Green Focal Areas considered and applied in the specific product.

Energy

- Inductive battery charger
- Battery type: Lilon
- Annual energy consumption <2 kWh/year
- Automatic shut off after 2 minutes
- Charging: 30 hours charging time for full battery
