

PHILIPS

Xperion 6000 Line

Work light

300 lm Boost / 150 lm Eco

120 lm Spotlight

Battery life: 4,5h (Eco: 8h)

Durable with broad light beam

LUMX60LINEX1

Designed with you in mind

Advanced lighting performance that lasts

Designed with a 110° broad beam of 150 lm in Eco and 300 lm in Boost mode, the Philips Xperion 6000 Line is ideal for lighting up larger areas. It is equipped with a 120 lm spotlight beam to direct the light where it is needed.

See where others can't

- Premium LED light with multiple outputs
- Long running time in different light modes

Smart, ergonomic design

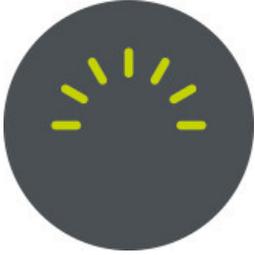

- Precision light with wide beam angle
- Smart rotatable hook with magnet and ergonomic body

Handles tough conditions easily

- Resistant to impacts, water and solvents (IP65/IK07)

Highlights

Multiple light modes

The Philips Xperion 6000 Line produces bright natural LED white light to maximize visual comfort and reduce eye strain for fatigue-free work. The main beam on the Philips Xperion 6000 Line offers two output levels: 150 lm in Eco mode with extended battery life and 300 lm in Boost mode. This flexibility allows you to choose the right amount of brightness for the job at hand.

Light modes for multiple needs

The Philips Xperion 6000 Line is designed to be ready for action. A single charge provides enough energy for a full day's work: up to 8 hours in Eco mode, 4,5 hours in Boost mode, and 9 hours with the torch beam. Powered by a powerful Li-ion battery, the Xperion 6000 Line can be fully charged within 3,5 hours via USB-C, ensuring maximum usage of its bright LED light.

Illuminate your work

The Philips Xperion 6000 Line features a 110° beam-angle light module ensuring broader illumination of your work area.

Enables hands-free working

Designed with you in mind, the ergonomically shaped handle with anti-slip coating allows you to hold this work light securely. If you need both hands free for work, position the light securely thanks to the 360° rotatable, retractable hook and a strong magnet. The power button is located on the back to ensure the light does not glare directly at your eyes when you turn it on.

Designed for resistance

Designed to handle tough work environments with IK07 shock resistance, water-resistant to IP65 standards, and a surface that withstands chemicals and workshop solvents, the Philips Xperion 6000 Line is built to last because we know that even the steadiest hands need the extra support.

Specifications

Electrical characteristics

Battery charging time: Up to 3,5 hours
Battery run time (boost): Up to 4,5 hours
Battery run time (eco): Up to 8 hours
Battery run time (Pointer): Up to 9 hours
Battery type: Lithium battery
Charging cable type: Type C USB
Power source: Rechargeable battery

Light characteristics

Beam angle: 110 degree
Beam angle (pointer): 40 degree
Color temperature: 6000 K
Light output (boost): 300 lumens
Light output (eco): 150 lumens
Light output (pointer): 120 lumens

Expected benefits: Designed with you in mind
Product highlight: Durable with broad light beam

Ordering information

Order entry: X60LINEX1
Ordering code: 78002217

Packaging Data

EAN1: 46678002212
EAN3: 50046678002217

Product description

Hands free options: Rotatable hook, strong magnet
Hook: 360° rotatable
Impact protection rating (IK): IK07
Ingress protection rating (IP): IP65
Magnet: 1 magnet
Materials & finishing: Robust ABS
Resistant to: Grease, oil, workshop solvents
Technology: SMD LED
UV leak detector: No
Range: Xperion 6000
