Incredible Surround™

An exciting, new, psycho-acoustic method of widening the stereo spatial image especially suited for applications with limited separation of left and right speakers.

Digital Sound Control (rock, pop, jazz, classic)

Digital Sound Control (or DSC) offers different sound settings tailored for specific musical styles.

Dynamic Bass Boost

Boosting bass response as much as 6 decibels (nearly 2 times more than normal) Dynamic Bass Boost yields full, rich tonal quality at all volume levels.

Clock, Alarm & Sleptimer

Set the alarm portion of a built-in digital clock to wake you to music from your favorite CD or an AM/FM radio station at any desired time of the day. Sleep timer settings of 60, 45, 30 or 15 minutes.
