

Compact audio system

MC165

Compact audio system

- **Contemporary design**

A combination of bright anodised aluminium and clear lacquered MDF on the loudspeakers give a fresh and light appearance blending in smoothly with a modern interior design.

- **Incredible surround**

Feature unique to Philips that creates the illusion of the speakers being much further apart than they actually are, resulting in an enhanced, room-filled stereo effect.

- **Dynamic bass boost**

Enhances bass tone frequencies to give deep, rich sounds.

- **Digital sound control (optimal, jazz, classic, pop)**

- **Bass reflex speaker system**

- **Digital tuner with 30 presets**

- **RDS Radio data system with news function (Europe only)**

- **Clock/timer with sleep function**

- **Remote control with mute function**

- **CD Rewritable compatible**

Let's make things better.

PHILIPS

Standard product information**Amplifier**

- 2 x 18W RMS, $\pm 10\%$ THD, 4 Ohm, 1 Khz

- Fluorescent tube display
- Clock/timer with sleep function
- Wake up with CD or tuner
- 23 Key remote control
- Demo mode for trade demonstration

Weights and Dimensions

- Centre unit : 140 mm W x 163 mm H x 255 mm D
- Speaker box : 130 mm W x 158 mm H x 185 mm D
- Packaging dimensions : 416 mm W x 242 mm H x 328 mm D
- Weight of product : 5.3 Kg
- Packaged weight : 6.5 Kg

Product highlights

- **Digital sound control**
Provides preset sound settings that enhance various types of music for personal preference.
- **Rotary encoder**
The encoder determines the speed at which the volume rotation takes place, faster rotations mean larger volume increments, slower rotations make small gains in volume level.
- **3" Full range speakers**
For excellent sound performance across the entire audio frequency spectrum. The copper sleeve and unique direct-driven dome in these speakers improve the high notes and give you truly transparent sound.
- **Bass reflex speaker system**
Acoustic system that enhances the upper bass tones to provide a warmer, punchier bass sound.
- **Cloth speaker grilles**
Grilles covered with acoustically neutral cloth to protect the speaker.
- **Subwoofer ready**
Affords easy access to greater dimensions in sound with output signal available for connection to an active subwoofer
- **Stereo headphone socket**
Enables stereo headphones to be used for private listening pleasure. Automatically switches off speakers when used.
- **Digital tuner with 30 presets**
Provides fast, accurate tuning to your favourite stations. You can store up to 30 stations in memory for fast, easy access.
- **Autostore**
Automatically stores up to 30 preset stations
- **RDS Radio Data System (Europe only)**
For RDS stations the frequency as well as the station name, radio text messages and the programme type can be displayed.
- **News (Europe only)**
The tuner can be set in such a way that listening to a CD is interrupted by the news broadcast of a RDS station.
- **Compact disc digital audio player**
Compact Disc technology that combines superb digital sound quality with the convenience of random track access and CD functions like CD programme, Shuffle Play and Repeat.
- **CD-Rewritable playback**
The CD player is capable of playing normal, CD-Recordable and CD-Rewritable discs.
- **Motorised CD tray**
For convenient, safe loading of your CD.
- **20-Track programmable**
Stores up to 20 of your favourite CD tracks for playing back in your order of preference.
- **Shuffle play**
Plays disc selection randomly, giving you a new sequence of tracks each time.
- **Clock/timer**
Set the alarm portion of a built-in digital clock to wake you to music from your favourite CD or radio station at any desired time of the day.
- **Sleeptimer**
The set will automatically switch off the chosen function after a preset period of time with a choice of 60, 45, 30, 15 or 10 minutes setting.
- **Mute**
This feature allows you to switch off the volume instantly to allow for interruptions. The CD or radio will continue playing in silence until you are ready to resume listening.
