

Analog MultiMedia Speaker System

- **HiFi Multimedia Sound**
Clear, crisp digital sound from your PC.
- **Incredible Surround**
An unsurpassed 3-D audio experience.
- **Dynamic Bass Boost**
Boosts bass performance – at any volume level.
- **High Power 5.25" Subwoofer**
Adds richness to music and powerful bass to games and sound effects.
- **Automatic Standby Control**
Saves energy by switching the system to standby when no audio signal is detected.
- **Smart Design**
Small and functional design to fit your workspace.
- **Easy Operation**
Rotary volume control and lit pushbuttons are simple to use.
- **Magnetically Shielded**
Prevents harmful distortion to your TV, monitor or other devices.
- **Active High Power – 40 watts (RMS) – 3-piece Speaker System**
Works with your PC, portable CD or cassette player or other audio-visual sources.
