- **Product dimensions (W x H x D):** 202 x 40 x 149 mm
- **Product weight:** 0.86 kg

Product highlights

MP3-CD, CD and CD-RW music

MP3 is a revolutionary compression technology by which large digital music files can be made up to 10 times smaller without radically degrading their audio quality. A single CD can store up to 10 hours of music.

Dual TFT LCD display screens

Dual screens allow you to display the same videos or images from the portable DVD player. Simply plug in and mount the screens on the headrests in your car. Now you can enjoy your favourite DVD movies and JPEG photos with family and friends in the back seats easily and comfortably.

Smart Car Mount

To enjoy entertainment on the go, why not take your portable DVD player from home on the road with you? A unique Car Mount system ensures safety and ease of use, with a quick-release arm that facilitates easy removal of the player when not in use. You can take the portable DVD player with you, leaving just the Mount behind in the car.
