## Infrared lamp

150 W

For targeted treatment

Adjustable angle

PR3110/00

## Effective\*, drug-free pain relief

### Clinically proven technology\*

Our clinically proven technology provides effective relief from muscle and joint pains without the use of drugs. It stimulates local blood circulation and increases the local supply of oxygen to provide relaxation to the injured area

#### **Effective\* pain relief**

- Pain relief with better mobility
- Helps the body to heal in a natural manner

#### **Proven health benefits**

- Clinically proven
- Classified medical device

#### **Targeted treatment**

- Localized pain relief

# Highlights

## Effective\* pain relief

The InfraCare PR3110 provides an effective focused and targeted treatment by increasing the local blood circulation to mobilize your body against pain. As your muscles are soothed, they automatically loosen up and relax. Because it makes the tissue more pliable, warmth also reduces stiffness and makes joints more flexible.

## Focused infrared warmth

InfraCare enables the body to heal in a natural manner. The PR3110 InfraCare device helps to provide relief from pain by focused treatment, which helps in proven improved mobility.

## Clinically proven

Trusted technology used by professionals. Clinically proven to objectively lead to functional joint improvement\*. InfraCare has proven to lead to significant pain reduction in 71% of rheumatoid arthritis patients and in 72% of low back pain patients\*.

## Classified medical device

A safe and effective way to treat your pain. InfraCare complies with IEC 60601-1 3rd edition for medical devices.

## Adjustable angle

The InfraCare 150W Lamp can be easily positioned from 0-40 degrees to relieve pain in a comfortable and an effective manner in small areas such as hips, arms and knees.

# Specifications

## Easy to use

Adjustability: 0-40 degrees (backwards)  
1 handgrip  
Mechanical timer

## Zone treatment

Treatment area: diameter of 20 cm  
PAR38 incandescent lamp: 150 W

## Logistic data

Country of origin: Hungary

## Medical appliance

Medical Device Directive: 2007/47/EC, MDD 93/42/EEC

## Safety

IEC certified: IEC 60601-1, 3rd edition  
30 minutes auto shut-off

## Technical specifications

Power: 150 W  
Voltage: 220-240 V  
Frequency: 50-60 Hz  
Insulation: Class II (double isolation)  
Lifetime of lamp: 300 hour(s)  
Cord length: 250 cm

## Weight and dimensions

Product dimensions: 21,2 x 16,0 x 21,5 cm  
Product weight: 1 kg  
F-box dimensions: 16,3 x 22,4 x 22,0 cm
