

Getting started with Personal Sound System (PSS)

Please take some time to read this before using your PSS.
We hope you enjoy your PSS.

Product Registration

Since it is possible for you to upgrade your product, we recommend that you register your product on www.philips.com/register so we can inform you as soon as new free upgrades become available.

Is there a manual?

You have a detailed user manual on the CD packed with your PSS.
Spend some time with it to know all the features available.
You can also download the same file from this website:

www.philips.com/support

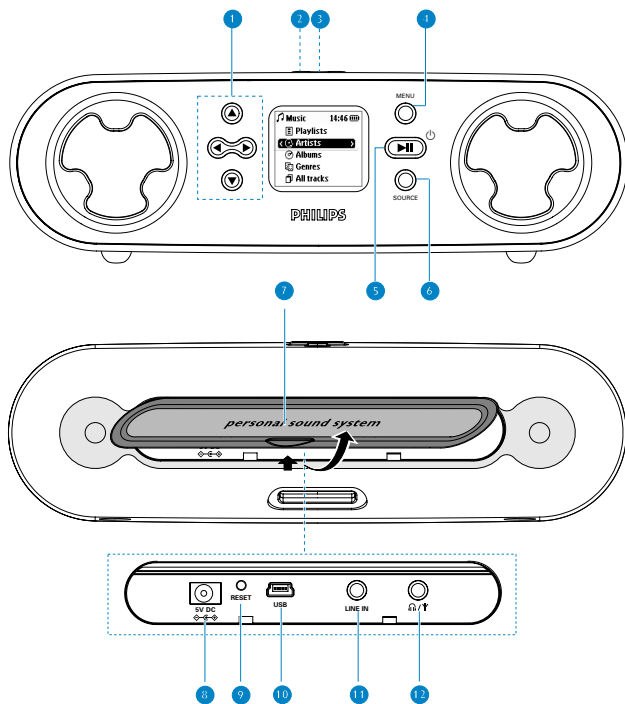

Don't forget about upgrades

We know you will enjoy your product for a long time. For best performance, we recommend that you regularly check in to www.philips.com/support for free upgrades of the latest software and firmware for your product.

These downloads will help you to optimize your product's performance and to take advantage of our future support of new audio formats.

Enjoy your new music experience.

English

3

Install

Insert the included CD into your computer's CDROM drive. If the CD does not autorun, please click the file **pss.exe** from the root directory of the CD. Select your language and follow screen instructions to complete installation of **Musicmatch® Jukebox** and **Device Manager**.

ATTENTION!
WINDOWS 98SE USERS:
TO AVOID INSTALLATION PROBLEMS, DO NOT CONNECT
PSS TO THE PC UNTIL AFTER INSTALLATION COMPLETES.

4

Connect

Open the connections cover at the back of your PSS. Connect the included adapter to your PSS and to the main power supply. Connect the smaller end of your USB cable to your PSS, the bigger end to our computer's USB port. Your PSS will be recognized as a portable device on your computer. It is now ready to download music tracks.

5

Transfer

Launch **Musicmatch® Jukebox** from your Windows desktop.

Add tracks to your music library

Go to the menu **Options > Music Library > Search and Add Tracks From All Drives**. In the **Look In** field, choose **All Drives** (or any other preferred drives) to search for music files. Check or uncheck other options and click **OK** to start searching. Files will be added to the **Library**.

Build a playlist for transfer

Click on a track / a folder. Drag the selection into the playlist window. Your selection is now in the playlist. It will begin to play.

Send tracks to your player

Click on **File > Send to portable device** for the **Portable Device Manager**. Your PSS will appear as an icon in the **Portable Device Manager** window. Drag and drop tracks and playlists into the **Portable Device Manager**. Alternatively you can also click the  **Sync** button to add all tracks from the **Library** or from specific playlists to your portable device.

Music that has not been transferred to your device using Musicmatch® cannot be played on your device.

Guide d'utilisation rapide du Personal Sound System (PSS)

Merci de consacrer quelques minutes à la lecture du présent document avant d'utiliser l'appareil.

Nous espérons que votre personal sound system (pss) vous donnera entière satisfaction.

Enregistrer

Étant donné que votre lecteur peut être mis à niveau, nous vous conseillons de l'enregistrer à l'adresse www.philips.com/register pour que nous puissions vous avertir de la présence d'éventuelles mises à niveau gratuites.

Documentation

Une version *.PDF de ce manuel figure sur le CD ci-joint. Consultez-le pour découvrir les différentes fonctionnalités du produit. Ce fichier est également disponible en téléchargement à partir de notre site Web: www.philips.com/support

Mises à niveau gratuites

Votre lecteur vous accompagnera pendant de nombreuses années. Pour obtenir des résultats optimaux, nous vous recommandons de consulter régulièrement le site Web www.philips.com/support pour télécharger les dernières versions du logiciel et du microprogramme destinées à votre lecteur.

Ces téléchargements vous permettront d'améliorer les performances de votre lecteur et d'étendre la prise en charge des formats audio.

Vivez une nouvelle expérience musicale!
