Performance

- High-performance self-sharpening steel blades

Always even haircuts

- 21 locking length settings from 0.5mm to 41mm
- Contour-following comb follows every curve of your head.

Highlights

21 locking length settings

Two adjustable combs provide length settings from 3mm to 41mm, with precisely 2mm between each length. Or you can use it without a comb for a close 0.5mm trim.

Battery light

Battery light glows green when full.

Bonus scissors, comb and case

Includes everything you need for a professional haircut at home. Comb and scissors are included as well as a handy storage case, to keep the hair clipper and accessories safely together.

Built to last

All of our grooming products are built to last. They come with a 2 year worldwide guarantee, worldwide voltage compatibility, and they never need to be oiled.

Easy to clean

Simply pop the trimmer head open and use the cleaning brush included to sweep away loose hairs.

Follows every curve

The hair clipper gently follows the contours of your head for a fast, even and comfortable haircut.

Powerful cordless

Use it cordless or plugged in. You'll have 45 minutes of cordless power after 8 hours of charging.

Self-sharpening steel blades

The steel blades of the electric shaver lightly brush against each other, so they sharpen themselves as you trim! The blades stay extra-sharp to always cut hairs neatly and effectively, but have rounded tips to protect your skin.
