- Easy to select and lock in 20 length settings - 1mm to 30mm
- Precision comb with 5 locking length settings - 1mm to 3mm
- Precision trimmer for fine details to perfect your style

# Highlights

## 100% waterproof

To clean, you can simply rinse this Philips hair trimmer under the tap. Use it cordless, in the shower or outside, wet or dry.

## 20 locking length settings

Turn the wheel to simply select and lock in the length setting you want. Three adjustable combs provide length settings from 1mm to 30mm, with precisely 2mm between each length on the main combs and 0.5mm between each length on the precision comb. You can also use it without a comb for a close 0.5mm trim.

## Battery light

Battery light glows green when full and blinks orange when 10 minutes remain.

## Follows every curve

Gently follows the contours of your head for a fast, even and comfortable haircut.

## Li-ion battery power

The powerful lithium ion battery lasts for 60 minutes after a 1 hour charge. A quick 10 minute charge gives you 10 minutes of clipping time, so it's always ready when you are.

## Precision comb (Grooming 2012)

The additional comb gives you extra length settings from 1mm to 3mm, with 0.5mm precise steps between each length.

## Precision trimmer

Perfect for getting into hard to reach areas, like around your sideburns, under your nose or around your mouth. It's designed to cut very close while still protecting your skin. And its small size makes it easy to see what you're doing - for fine lines and details.

## Built to last

All of our grooming products are built to last. They come with a 2 year worldwide guarantee, worldwide voltage compatibility.
