- Achieve an even trim

#### Easy to use

- Use wet or dry
- 2 Durable OneBlade
- Charge up and go

# Highlights

## Unique OneBlade Technology

The Philips OneBlade has a revolutionary new technology designed for men who wear facial styles and grow beards. It can style, trim and shave, while keeping the skin feeling soft. Its dual protection system has a protective plate on top of the cutter, preventing the blade from touching skin. At the same time, the high-performance cutter powers through hair at 200 times per second for precise sharp edges. OneBlade doesn't shave as close as a traditional blade – so your skin stays comfortable.

## Style

Dual-sided blade for easy styling and precise edges. You can go in either direction to get great visibility and see every hair that you're cutting. It stays comfortable even in sensitive areas, so it's fast and easy to get your style in seconds.

## Trim (3 combs)

Achieve an even trim with the 3 trimming combs. 1mm for a 5 o'clock, 3mm for a tight trim, and 5mm for a long stubble.

## Shave

OneBlade has a protective plate on top of the cutter, preventing the blade from touching skin. The dual protection system keeps your skin protected, no matter trim or shave.

## Dual-sided blade

OneBlade follows the contours of your face, allowing you to easily and comfortably style all areas. Go against the grain. Use the dual-sided blade to get your style and create sharp edges by moving the blade in any direction.

## 3 click-on trimming combs

Attach one of the click-on combs to get the even trim you want.

## Wet & dry

Use at the sink or take it with you into the shower. The Philips wet and dry OneBlade is easy to clean and can be used with or without foam.

## 2 Durable OneBlade

The blades are designed for lasting performance. For optimal performance, you will only need to replace each blade every 4 months\*. Replacement is easy and hassle free.

## Long lasting battery

A single charge takes 8 hours, and delivers 45 minutes of constant performance.

# Specifications

## Trimming & shaving performance
