# Highlights

## Unique OneBlade technology

Designed for facial styling and body grooming, the Philips OneBlade trims, edges and shaves any length of hair. It delivers an easy and comfortable shave thanks to a glide coating and rounded tips. And with a cutter that moves at 200 x per second, it's efficient even on longer hairs.

## Trim it down

Trim to your preferred stubble length. Your Philips OneBlade comes with 4 stubble combs for a 5 o'clock trim, tight trim or long stubble.

## Edge it up

Get precise lines in seconds with the dual-sided blade that enables you to see every hair you're cutting.

## Shave it off

The OneBlade shaver doesn't shave as close as a traditional blade, ensuring your skin stays comfortable. Go against the grain and shave off any length of hair easily.

## Guard

Attach the skin guard for an extra layer of protection on sensitive areas of the body.

## Click-on body comb

Simply attach the 3 mm body comb to trim in any direction.

## 4 click-on stubble combs

Get your preferred stubble length using one of the 4 included stubble combs at 1, 2, 3 or 5 mm.

## Dual-sided blade

OneBlade follows the contours of your face, allowing you to easily and comfortably trim and shave all areas. Use the dual-sided blade to style your edges and create clean lines by moving the blade in any direction.
