Versatility and Easy Blending

- 1L beaker
- Chopper Accessory
- Soft handle and buttons
- Whisk accessory to whip cream, egg whites and mousse

Easy Cleaning

- Detachable blending bar for easy cleaning

Highlights

Pro Mix Techology

Because of the special barcage and knife geometry there several areas with different pressure and speed distribution are created. That leads to a high relative speeds between knife and foodstuff for optimal cutting. Only with the triangular geometry all edges and corners in vessels can be reached. These advantages are realised without ribs and with smooth surfaces and in this case barcage is very easy to clean.

400 watts

High performance for all kinds of recipes.

Turbo Button

Extra power for even the hardest ingredients.

Double Action Blade

Cuts your ingredients in vertical and horizontal directions with incredible speed delivering maximum blending results.

1L beaker

Handy accessory to help you blend your ingredients while preparing your recipes.

Chopper Accessory

Easy and quick accessory for chopping ingredients while preparing your recipes.

Soft handle and buttons

The perfect grip for easier and comfortable usage.

Whisk accessory

Whisk accessory to whip cream, egg whites and mousse

Dishwasher safe parts

Detachable blending bar and accessories can go to dishwasher making your cleaning experience much more easier and faster.
