**PHILIPS**

Saeco, a Philips brand

 **Saeco**

# Highlights

## Removable brewing group

The brewing group, a Saeco invention, is the heart of our espresso machines, ensuring automation. The brewing group is, depending on the model, easily accessible from the front or side. It can be removed effortlessly for easily cleaning by rinsing under the tap ensuring maximum hygiene.

## Descaler Warning

Dedicated led to advice the end user that the machine needs to be descaled

## Classic milk frother

This Saeco espresso machine comes with the classic milk frother that baristas call a "Pannarello". It dispenses steam and is immersed in milk to prepare gorgeous milk

foam. Unleash your inner barista by preparing your delicious milk specialties the traditional way!

## Cup holder

With this practical feature you can store your espresso cups and glasses right on the espresso machine - always within reach and conveniently stored without taking up space.

## Cup lift

Manually adjustable drip tray to fit every cup size underneath the coffee dispenser

## Ergonomic day-by-day

Saeco is a synonym for convenience: refilling beans or water, emptying the coffee-dump box

or the drip tray, all compartments of the full automatic coffee machine are directly accessible.

## Saves coffee length & strength

You will always get a perfect cup of espresso brewed according to your personal preference, thanks to our memo function which allows you to adjust the coffee length and strength to suit your taste. Enjoy a superb coffee drink in your favorite cup with just the press of a button.

## Metal grinders

Our metal grinders always guarantee impeccable grinding.
