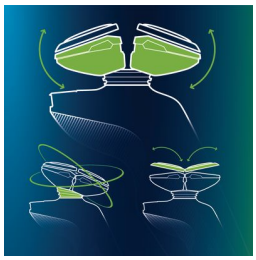
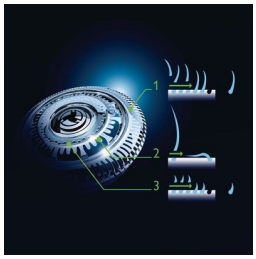
Highlights

GyroFlex 3D Shaver



The GyroFlex 3D contour-following heads of the shaver adjust seamlessly to every curve of your face, minimising pressure and irritation on your skin.

UltraTrack Shaver Heads



Get a close shave that minimises skin irritation. The shaving head has 3 specialised tracks: slots for normal hair, channels for long or flat laying hair and holes for the shortest stubble on your face.

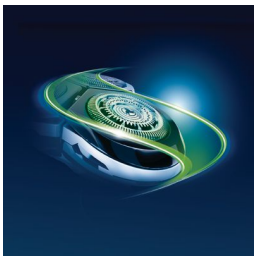
Super Lift & Cut Action

The dual-blade system built into the Philips electric shaver lifts hairs to cut comfortably below skin level for a closer shave.

Aquatec

The Aquatec wet and dry seal of the electric shaver lets you choose how you prefer to shave. You can get a comfortable dry shave or a refreshing wet shave using a shaving gel or foam for extra skin comfort.

SkinGlide

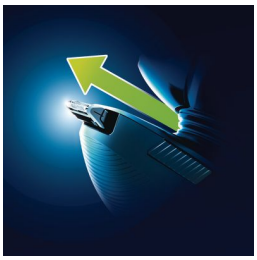


The low-friction SkinGlide shaving surface of the electric shaver slides smoothly along your skin for a close, easy shave.

Easy grip

The easy-grip shaver handle has an ergonomic grip with anti-slip coating, ensuring close control for an extra-precision shave.

Precision trimmer



The unique skin-friendly precision trimmer system is built to avoid unnecessary skin contact. Easy to use for perfect moustache and sideburn trimming.
