The Philips SensoTouch 3D Gold Edition gives you the most luxurious shaving experience. Philips certifies the product's authenticity and guarantees that the handle of the SensoTouch 3D is plated with 24-carat gold. This limited edition shaver is exclusively made in the Netherlands and undergoes strict quality controls.

GyroFlex 3D

GyroFlex 3D contour-following heads of the shaver adjust seamlessly to every curve of your face, minimizing pressure and irritation on your skin.

UltraTrack

Get a close shave that minimizes skin irritation. The shaving head has 3 specialized tracks: slots for normal hair; channels for long or flat laying hair; and holes for the shortest stubble on your face.

AquaTec Wet & Dry

The AquaTec wet & dry seal of the electric shaver lets you choose how you prefer to shave. You can get a comfortable dry shave or a refreshing wet shave using a shaving gel or foam for extra skin comfort.

Super Lift & Cut Action

The dual-blade system built into the Philips electric shaver lifts hairs to cut comfortably below skin level for a closer shave.

Click-on Beard Styler

Skin friendly click-on Beard Styler to experience more facial styles: for anything from a 0.5mm 3-day beard to a 5mm short beard; rounded tips and adjustable comb to prevent skin irritation.

JetClean+ System

Our JetClean+ System cleans and lubricates the blades and recharges the battery after every use. It offers 3 cleaning settings: automatic for normal usage, eco for 40% less energy usage, and intensive for extra-thorough cleaning.
