Features

4-direction Flex Heads

Flex heads with 4 independent movements adjust to every curve of your face, giving you an easy shave even on the neck and jaw line.

Li-ion power

Shave longer with every charge. Your shaver will keep going just as strong for years, thanks to our powerful and efficient lithium-ion battery.

60 minutes of cordless shaving

You'll have 60 minutes of running time - that's about 20 shaves - on a one-hour charge. Or choose to shave with the device plugged in.

One touch open

Simply pop the heads open, and rinse thoroughly under the tap.

Corded and Cordless use

This shaver is designed to work either plugged in or cordless. Use the cord in order to shave while charging. Or shave cordlessly when the shaver is charged.

Pop-up trimmer

Complete your look using the pop-up trimmer. Perfect for maintaining a mustache and trimming sideburns.

ComfortCut Blade System

Get a comfortable dry shave. Our ComfortCut Blade System with rounded profile heads glide smoothly across your skin while protecting it from nicks and cuts.
