

# Philips Shaver series 5000 Wet and Dry electric shaver

The Shaver Series 5000 protects your skin while you enjoy a refreshing shave. Our ComfortCut Blade System with rounded profile heads glides smoothly across, and they're designed to protect your skin.

This shaver is free of polyvinylchloride and brominated flame retardants and has low nickel release from the shaver head.

## Our eco passport

Philips wants to make the world healthier and more sustainable. To make this a reality, we have to keep thinking differently; pushing the boundaries of what is currently believed possible. We continuously innovate and deliver products and technologies that are positive for people and the environment. At Philips we call this Green Innovation.

We know this is important to you too. So we have developed an eco passport which explains the environmental performance of our products in the Philips Green Focal Areas, developed through our eco design process since 1994, enabling you to make conscious, informed decisions. An eco passport will explain the Green Focal Areas considered and applied in the specific product.

### Energy

- Annual energy consumption: < 1 kWh\*
- Max power consumption: 9W
- No load battery charger: <0,1W
- Battery type: Li-Ion
- Travel lock indicator
