- MultiFlex Heads
- SkinGuard Mode

S6880/81

Advanced skin protection

Philips Norelco Series 6000 delivers a clean shave while reducing skin irritation. Only Philips Norelco has ComfortGlide™ rings, a special protective coating with skin gliding properties to protect your face from redness and irritation.

Benefits

Shaving performance

- ComfortGlide rings protect your face from irritation
- Replace shaving heads every 12 months for best performance

Skin comfort

- Blades gently capture hair for a smooth shave
- Heads flex to catch hard-to-reach hair
- Click-on Trimmer for use on mustache and sideburns

Ease of Use

- Get a convenient dry shave or a more comfortable wet shave
- Skin Guard Mode protects your skin for less irritation
- 50 minutes of cordless shaving once fully charged
- Fully charges in 1 hour or use 5-minute quick charge
- LED display with intuitive icons
- Shaver can be rinsed clean under the tap

PHILIPS

Shaver series 6000

Features

ComfortGlide Rings

Shaving heads are surrounded with ComfortGlide rings, which have a special protective coating with skin gliding properties to shield your face from irritation. Series 6000 offers 5x better protection than a manual blade*. *Protects better against nicks and cuts than manual blades after a 21-day adjustment period.

SkinProtect Blades

72 self-sharpening SkinProtect blades gently capture hair, leaving your face smooth and comfortable.

MultiFlex Heads

Heads follow the curves of your face, even catching hair in hard-to-reach areas like the neck and jaw line.

Shave wet or dry

Get a convenient dry shave or a more comfortable wet shave with gel or foam - even in the shower.

Click-on Precision Trimmer

Click on our skin-friendly Precision Trimmer to finish your look. It's ideal for maintaining your mustache and trimming your sideburns.

Skin Guard Mode

Activate the guard mode to adjust to a lower rotational speed for a more gentle shave.

50 minutes of cordless shaving

Shave longer with every charge, thanks to a powerful and long-lasting Lithium-ion battery. You'll have 50 minutes of shaving time – that's about 17 shaves – on a one hour charge. This shaver only operates in cordless mode.

1-hour charge time

Shave longer with every charge, thanks to our powerful, long-lasting lithium-ion battery. A quick 5-minute charge provides enough power for one shave.

LED display

The intuitive display shows relevant information, enabling you to get the best performance out of your shaver: - 3-level Battery Indicator - Cleaning Indicator - Battery Low Indicator - Replacement Head Indicator - Travel Lock Indicator - Unplug for use indicator.

Fully washable shaver

Simply open the shaver head to rinse it thoroughly under the tap.

Shaver series 6000

Replacement Blades

For best shaving performance, replace your shaving heads every 12 months. Use SH60 replacement heads, sold separately.
