Comfort rings

The Shaver Series 7000 has Comfort Rings with a special anti-friction coating. The rings contain thousands of powder-like beads, giving it a smooth surface so it can effortlessly glide over the skin. Shaving is made more comfortable and effective for sensitive skin.

Gentle precision blades

The specially-designed Gentle precision blades comfortably guide hair to the most optimal cutting position, reducing irritation caused by tugging and pulling.

DynamicFlex Technology

DynamicFlex heads effortlessly move in 5 directions to easily follow every curve of your face and neck. This improved contouring helps catch every hair, even in hard-to-reach areas.

Aquatec Wet and Dry

With the Aquatec Wet & Dry seal, you can opt for a quick dry shave or a more comfortable wet shave with gel or foam – even under the shower.
