## Smooth glide, sensitive shave

Philips' no 1 on sensitive skin\*

The Philips series 7000 protects against the key signs of skin irritation. SkinGlide rings with anti-friction coating enable the shaver to glide effortlessly across your face. Its blades cut close and protect skin, even with 3-day stubble.

### Designed for maximum skin comfort

- SkinGlide rings with anti-friction coating for smooth glide
- 5 direction flex heads follow contours with less pressure
- Aquatec gives you a comfortable dry or refreshing wet shave

### A close and smooth shave

- Blades protect skin and cut close even with 3-day stubble

### Easy to use

- Intuitive display with 3-level battery indicator
- 50 minutes of cordless shaving
- Shaver can be rinsed clean under the tap
- Comes with a 2-year guarantee

### Get the most out of your shaver

- Beard styler with 5 settings for styling and pre-trimming
- Cleansing brush for deep, gentle cleansing & less irritation

# Highlights

## SkinGlide rings

Experience a more comfortable shave with anti-friction SkinGlide rings coated with microspheres. Thousands of tiny glass-like rounded spheres reduce friction and surface resistance between the shaver and the skin. This gives the shaver a smooth, easy glide and helps protect against skin irritation.

## GentlePrecision PRO blades

Our updated cutting system has skin protection technology, designed to only cut hair not skin. V shaped blades guide the skin away from the blades for a close smooth shave - even on 3-day stubble.

## 5-direction Dynamic Flex Heads

Our shaver heads flex easily in 5 directions, gently following all the contours of the face and neck. Less pressure is needed to shave closely and skin stress is minimized.

## Aquatec Wet & Dry

Adapt your shave routine to your needs. With the Aquatec Wet & Dry, you can go for a comfortable dry shave or a refreshing wet shave. You can shave with gel or foam even under the shower.

## 3 level battery indicator

The shaver's intuitive display shows relevant information, enabling you to get the best performance out of your shaver: 3-level battery indicator - cleaning indicator - battery low indicator - replacement head indicator - travel lock indicator

## 50 minutes of cordless shaving

The energy-efficient, powerful lithium-Ion battery system gives you two convenient options: Charge it for an hour for up to 50 minutes of shaving time, or a quick charge for one full shave. All Shaver series 7000 models are designed to operate only in cordless mode to ensure safety in wet environments.

## Fully washable shaver

Simply open the shaver head to rinse it thoroughly under the tap.

## Built to last

We back this Philips shaver with a 2-year guarantee. Our Series 7000 shavers are designed for performance and durability.

## SmartClick Beard Styler

The beard styler has 5 settings for beard styling, perfect stubble and pre-trimming. Rounded tips and combs prevent skin irritation.

## SmartClick Cleansing Brush

The cleansing brush is designed for deep, gentle cleansing together with your choice of cleanser. 32,000 active bristles help massage and cleanse skin, removing dirt, cleaning pores and boosting radiance. Based on consumer tests at an independent clinical test agency, subject report less irritation, smoother skin and a more comfortable shave when using a cleansing brush. We recommend using the brush pre-shaving to enhance your shaving results: 91 % of subjects experienced less skin irritation when shaving with Philips S7000 with cleansing brush\*.
