Highlights

Contour Detect Technology

The Philips shaver is an electric shaver that delivers our closest shave ever*. Its Contour Detect technology gently follows your facial contours to capture 20% more hairs* in a single pass.

V-Track Precision Blades

Not only do the V-Track Precision Blades give you a super-smooth shave that's 30% closer*, they're also self-sharpening for continued results day after day.

Personal Comfort Settings

Choose between normal or sensitive to create a shaving experience that best suits your skin. If you're in a hurry, select the fast setting to save some time.

Shave Wet or Dry

The wet and dry shaver can be used to your preference. At the sink or in the shower, get a convenient dry shave or pair with your favourite foam or gel for a refreshing wet shave.

SmartClean System

The SmartClean System cleans, lubricates, dries, and charges your Philips shaver at the touch of a button. Keeping it performing at its best, day in and day out.

5 level LED display

You can easily see how much power is left with the 5-level LED display. Your Philips close shaver will not only tell you when it's time to charge, it has indicators for locking, cleaning and replacing the head.

iF DESIGN AWARD 2015

Shaver series 9000 Precision, control and maneuverability are the defining features of the 9000 shaver. The V-Track system guides hairs into the best cutting position for the closest result, while fully flexible eight directional heads catch more hairs for a clean shave in fewer strokes. The "AquaTec Wet & Dry" seal of this shaver allows for a comfortable dry shave or a refreshing wet shave, using a shaving gel or foam for extra skin comfort.
