- With 2 year guarantee

Get the most of your shaver

- Keep your shaver in great condition with SmartClean
- Click-on beard styler with 5 length settings

Highlights

V-Track blade system PRO

Get the perfect close shave. The V-Track Precision PRO Blades gently position each hair in the best cutting position, from 1-day to 3-day beards, including flat-lying hairs and hairs of different lengths. Cuts 30% closer* in fewer strokes, leaving your skin in great condition.

8 direction ContourDetect Heads

Follow every contour of your face and neck with 8 directional ContourDetect heads. You'll catch 20% more hairs with every pass, resulting in an extremely close, smooth shave.

Personal comfort settings

Choose between 3 modes to customise your shave: Sensitive — for a gentle yet thorough shave. Normal — for a thorough, everyday shave. Fast — for a quick shave that saves you time.

Aquatec Wet & Dry

Choose how you prefer to shave. With the Aquatec Wet & Dry seal, you can opt for a quick yet comfortable dry shave. Or you can shave wet – with gel or foam – even under the shower.

SmartClean System PLUS

At the touch of a button SmartClean PLUS cleans, lubricates, dries and charges your shaver, so it'll perform at its best every day.

SmartClick beard styler

Change your look with the SmartClick Beard Styler attachment. Choose from 5 length settings to create anything from a perfect stubble look to a short, neatly trimmed beard. Rounded tips and combs are designed to prevent skin irritation.

Digital display

The intuitive display shows relevant information, enabling you to get the best performance out of your shaver: - 3 digit (%) battery indicator - Cleaning Indicator - Battery Low Indicator - Replacement Head Indicator - Travel Lock Indicator.

60 minutes of cordless shaving

Now with the most superior battery life of all Philips Shavers, the charging system gives you two convenient options: 60 minutes of running time after a single one-hour charge, or quick charge for one full shave. All Shaver series 9000 models are designed to operate only in cordless mode to ensure safety in wet environments.
