## Superior closeness\*, personalized skin comfort with SenseIQ Technology

Philips Norelco Shaver 9500 delivers a smooth shave while reducing skin irritation. Only Philips has ComfortGlide rings, a special anti-friction coating to protect your face from redness and irritation.

### A close shave

- Helps you to shave with optimal pressure
- ComfortGlide rings protect your face from irritation
- Maintains skin contact for a comfortable, smooth shave

### SenseIQ technology

- Advanced precision for a close shave\*
- Adjusts to your beard for effortless shaving
- Guides you to an improved technique with fewer passes
- Master your technique with the Philips GroomTribe app

### For a convenient shave

- OLED display for dynamic SkinIQ and shaver notifications
- Even-up your mustache and sideburns
- Get a convenient dry shave or a refreshing wet shave
- Keep your shaver like new with a deep clean in just 1 minute
- 60 minutes of cordless shaving from a 1-hour charge

# Highlights

## Pressure Guard sensor

Using the right pressure is key for closeness and skin protection. Advanced sensors in the shaver read the pressure you apply, and the innovative light signal shows when you are pressing too hard or too little. For a personalized shave that is just right for you.

## Dual SteelPrecision blades

With up to 150.000 cutting actions per minute, the Dual SteelPrecision blades shave close. The 72 high-performance blades are self-sharpening and made in Europe.

## Smart Hair sensor

The intelligent sensor reads facial hair density 500 times per second and auto-adapts cutting power for an effortless and gentle shave.

## Motion Control sensor

Motion-sensing technology tracks how you shave and guides you to the optimal movements. After just three shaves, the majority of men achieved a better shaving technique for fewer passes\*\*.

## Personalization via app

Pair your Philips electric shaver to the GroomTribe app and prepare to master your technique. Just track your progress and personalize your routine to achieve a shave that's both close and kind.

## ComfortGlide rings

Shaving heads are surrounded with ComfortGlide rings, a special protective coating with skin gliding properties, to shield your face from irritation\*\*\*.

## 360° contour heads

Fully flexible heads turn 360° to follow your facial contours. Experience optimal skin contact for a thorough and skin-friendly shave.

## Advanced OLED display

The first Philips shaver with a dynamic OLED display reveals every shaver feature and notification with sharp, fluid animation. The intuitive interface includes SkinIQ guidance, battery status, cleaning advice and more.

## Shave wet & dry

Get a convenient dry shave or a more refreshing wet shave with gel or foam - even in the shower.

## Pop-up trimmer

Refine and define your mustache and sideburns with the pop-up trimmer—and complete your look with ease.

## Quick Clean Pod

Powerful cleaning pod thoroughly cleans and lubricates your shaver in just 1 minute, keeping it performing at its best for longer. The pod is 10x more effective than cleaning with water\*\*\*\*.

## 60 minutes of cordless shaving

Use your shaver at home or on-the-go for up to 60 minutes on a 1-hour charge - that's about 20 shaves. Or a 5-minute quick charge gives enough power for one shave.

# Specifications
