Product highlights

Plays MP3 & WMA digital audio

Voice Recording Function

Voice Recording Function converts your player into a handy dictation machine. Besides playing music or listening to radio, you can also record notes or reminders for work or school, record shopping lists and phone numbers – even song lyrics. By pressing the recording button and speaking into the built-in microphone, voice messages are compressed and stored either in the built-in internal memory or on to the external memory card. Voice Recording Function gives you a highly portable voice recorder allowing you to record anything, anytime and anywhere!

10 presets Digital FM tuner

Equalizer

Equalizer allows you to select preset modes that optimize certain frequency bands to enhance specific music styles. Players with Equalizer, utilize graphic equalizing technology to automatically set the optimum sound frequency balance for a chosen music style. The Equalizer allows you to enjoy the optimum sound depending on the music style.

128MB* built-in memory

128MB memory card included

128MB memory card included

MMC/SD memory card slot

Versatile wearability

Tri-Color Backlight

Tri-Color Backlight illuminates the LCD display on your player in a different color depending on which of the 3 function modes you are currently in. Whenever the function mode is selected, the LCD display illuminates for 3 seconds: Orange for Music mode, Red for Voice Recording mode and Green for FM Radio mode. With Tri-Color Backlight you can easily and accurately distinguish which function mode you are in at a glance – even in dim lighting.
