Connectivity

- **Cable Connection:** Two-parallel, asymmetric
- **Cable length:** 1.2 m
- **Connector:** 3.5 mm stereo
- **Finishing of connector:** Chrome plated
- **Type of cable:** Copper

Product highlights

1.2 meter cable

The ideal cable length to give you the freedom to put your audio device where you want.

27 mm speaker driver

Compact for wearing comfort yet big enough to deliver crisp, powerful sound, the 27 mm speaker driver is a perfect size for non-distorted listening enjoyment.

Bass Beat vents

Bass beat vents allow air movement for better sound with a deep rich bass.

Comfort ear cushions

The special shape and luxurious materials used for the ear cushions ensure a perfect fit for maximum comfort. They prevent audio leakage and enhance bass performance too. The ear cushions are shaped in such a way that they perfectly align with the area around a person's ear.

Neodymium magnet

Neodymium is the best material for producing a strong magnetic field for greater sensitivity in a voice coil, better bass response and higher overall sound quality.

Single-sided cable

The cable is conveniently connected to just one side, considerably reducing the risk of tangling and simplifying winding the cable up for storage.
