### System information

• Type	Dynamic
• Polar pattern	Uni-directional
• Frequency range	50 - 15 000 Hz
• Impedance	600 Ohm
• Sensitivity	-72 dB +/- 3 dB
• Jack	3.5 - 6.3 mm mono
• Length of cord	5 meter
• Type number	SBC MD650/00
• 12 NC	9082 100 00467
• EAN	87 10101 67528 2
• Weight (exclude cable)	250g

### Packaging information

• Type	Window Box
• Material	PET

### Inner carton

• Quantity	3 pieces
• EAN	87 10101 87402 9

### Outer carton

• Quantity	18 pieces
• EAN	87 10101 87403 6

• Country of origin	China
---------------------	-------

#### **High-end vocal microphone for professional use**

The SBC MD650 is designed for the professional, guaranteeing superb sound reproduction with each performance. The metal body and the detachable 5m cable with Cannon connector make it the ideal model for serious musicians.

#### **30mm wide diaphragm for excellent sound**

Thanks to its large sensitive diaphragm, the microphone picks up every detail of the human voice to give superior sound reproduction.

#### **Dynamic Shock Absorption (DSA) for reduced handling noise**

The microphone's internal circuitry is mounted in a vibration absorbing construction to prevent audible handling noise.

#### **Durable metal body for extended product life**

The microphone can take the roughest handling, thanks to its metal body and the metal reinforced ball grille.

#### **Uni-directional sensor for minimum feedback**

The microphone is mainly sensitive to the performer's voice, which prevents annoying howling caused by feedback from speakers.

#### **Low noise switch for 'click'-free switching**

Prevents annoying 'clicks' when the microphone is switched on and off.

#### **3.5-6.3mm adapter plug included**

The microphone's adapter plug means it can be connected to all types of audio systems.

#### **Integrated windshield**

The integrated windshield prevents disturbing noises from wind gusts and heavy breathing.

#### **Philips Accessories & Recordable Media**
