## Product highlights

### TV Remote

The TV remote is particularly easy to use with large buttons for channel selection and volume. It is simply the best replacement for your broken or lost TV remote control.

### Simple system set up

Setup your remote control as soon as possible with an intelligent scanning system that automatically scans for the codes that match your equipment.

### Fast menu access

The important functions like set up menu and text TV have clearly labelled, dedicated keys to make operating your equipment easier.

### Pre programmed for Philips

If you have Philips equipment, you can use your universal remote control without programming it because all keys are preset for Philips.

### Controls channel and volume

You can step up and down through the most popular functions like channel selection and volume using large distinctive keys, making zapping both comfortable and convenient.

### Batteries included

No extra batteries to buy, so you can use your new universal remote control straight out of the packaging

### URC service line

If you have a problem or question about your universal remote control, or there's a function key on your original remote control not covered by the extensive built in code library, call the service line for a solution. It's available seven days a week.
