This Philips baby monitor lets you get on with your work or simply relax by yourself or with friends, secure in the knowledge that baby is resting peacefully or playing happily. Easy to install and use, this model features a high-quality speaker and microphone system that brings baby's voice close to you no matter where you are in the house.

Interference free

Advanced technology ensures no interference from other cordless devices or other brands of baby monitor.

Range up to 150m

Gives you the freedom to bring the Parent unit with you anywhere around the house.

Portable parent unit

When powered on batteries, the Parent unit can be moved freely around the house.

Continuous Communication Link (pilot tone)

Hidden signal that ensures a continuous link between both units so you only hear your baby's sounds.

Power base included

For providing a constant power source to the Parent unit.

Two power adapters included

For immediate operation of both units from the mains supply.

Battery-low indicators

Tell you immediately when your batteries are low.

Battery back-up option

Ensures operating reliability at all times.

Two channels

For reliable, interference-free operation.

Two AC power adapters included

Parent and Baby unit batteries optional
