*This Philips baby monitor & intercom system lets you get on with your work or simply relax by yourself or with friends, secure in the knowledge that baby is resting peacefully or playing happily. Easy to install and use, this model has a special talk-back feature so you can comfort your baby no matter where you are in the house.*

#### Talk-back to comfort baby

*Reassure your baby by letting it hear the soothing tones of your voice. Use this feature as an intercom when baby gets older.*

#### Interference free

*Advanced technology ensures no interference from other cordless devices or other brands of baby monitor.*

#### Range up to 250m

*Gives you the freedom to bring the Parent unit with you anywhere around the house.*

#### Portable and rechargeable

*Rechargeable batteries in the Parent unit last up to 12 hours before recharging is needed.*

#### In-range check

*The Link light lights continuously when everything is O.K. and emits an audio and visual alarm if you go outside the operational range.*

#### Sound-level lights

*Let you watch the level of the baby's sounds with the volume turned down.*

#### Continuous Communication Link (pilot tone)

*Hidden signal that ensures a continuous link between both units so you only hear your baby's sounds.*

#### Baby room temperature indicator

*Lets you keep a watchful eye on the temperature in baby's room.*

#### Out-of-range indication

*The Parent unit automatically checks that it is within range and alerts you if you go outside the reliable operational range.*

#### Charging base included

*For quick and easy charging of the batteries.*

#### Two power adapters included

*For immediate operation of both units from the mains supply.*

#### Battery-low indicators

*Tell you immediately when your batteries are low.*

#### Battery back-up option

*Ensures operating reliability at all times.*
