Highlights

Record your own voice

Give your baby the pleasure and reassurance of hearing your voice or enjoying a familiar bedtime story as he or she falls gently asleep.

Pre-recorded animated sounds

Each button triggers a friendly sound, inviting your baby to reach for buttons and develop its hand-eye coordination.

Totally safe to play with

By complying with the strictest toy standards and paying careful attention to responsible design, this product is safe for your child to play with.

Automatic recording

This fascinating and fun way to stimulate your baby's aural development automatically records baby's sounds and then plays them back three times.

Unbreakable mirror

Even when thrown on the ground or slammed against a wall, there's no danger of this mirror ever breaking because it's made flexible plastic.

Complies with toys standard

The products that comply to the toys standard have been thoroughly tested to ensure they meet these norms and are totally safe.
