- Operating time on battery: 4 hr
- Removable/ replaceable
- Batteries included: No

Technical specifications

- Complies with: EU & USA Toy regulation

Highlights

Slides with images

With high-contrast shapes for new-born babies, vivid colours and forms for up to 6 months old and recognizable objects for older babies, there's a set of images that will appeal to your baby. The shapes stimulate visual development as well as help your baby fall gently asleep.

Natural sounds

Natural sounds like the sea, a heartbeat and running water are both reassuring and sleep-inducing for your baby. Choose the sound that is most comforting for your baby.

Pre-recorded animated sounds

Each button triggers a friendly sound, inviting your baby to reach for buttons and develop its hand-eye coordination.

Rotating images

The relaxing movement of the projected images help your child fall asleep while stimulating visual development.

Totally safe to play with

By complying with the strictest toy standards and paying careful attention to responsible design, this product is safe for your child to play with.

Adjustable playing time

Set the playing time you like to have by selecting the desired playing time.

Blank slides

Add a fun dimension to fairy tales and nursery rhymes, and stimulate your child's creativity by creating your own slides with a waterproof pen and the blanks provided.

Unbreakable mirror

Even when thrown on the ground or slammed against a wall, there's no danger of this mirror ever breaking because it's made flexible plastic.

Complies with toys standard

The products that comply to the toys standard have been thoroughly tested to ensure they meet these norms and are totally safe.
