PHILIPS

Specifications

Accessories

- User Manual: 13 languages
- Mounting material included

Technical specifications

- Complies with: TÜV, GS approvals
- Housing material: NeoLITE

Highlights

Up to 40 kg

This support can handle equipment weighing up to a maximum of 40 kg.

Retaining strap

For additional safety, a retaining strap secures the TV in position and prevents it from slipping.

Neolite double swivel system

Made using Neolite, an ultra light fabric used in the aviation industry known for its durability and strength, the support allows you to aim the TV in any direction and you're able to fold it flat against the wall.

Concealed cable system

After installing the support, simply route all the wiring through the special conduits and attach the covers for a less cluttered look.

Full extension option

Thanks to an extensive range of optional accessories, you can create a complete wall-mount AV system to supports TVs, VCR and audio equipment. The coupling elements allow you to hide the cables.
