Highlights

Extra sensitive brush

The brush comes with ultra soft bristles to give you an extra gentle cleansing experience with less skin irritation. The bristles are thin, longer* and more flexible, thereby ensuring less friction on the skin for a very soft feel and more gentle cleansing effect. The ends of the bristles have been polished twice for a more gentle flow over the skin. An extra gentle way to a clean and healthy looking skin.

Increases absorption of creams

Cleansing with VisaPure means that you remove more make up residue and dull and dead skin cells. Thanks to the deep cleansing effect, your favorite skincare products such as creams, serums and essences are better absorbed by the skin.

Face cleansing brush bristles

All VisaPure brushes have unique 5-in-1 bristle technology. Each bristle is polished twice and silky soft ends ensure a smooth glide. VisaPure bristles are extra long for

absolute skin comfort. To ensure efficacy, VisaPure bristles are up to 3x smaller than your pores and dense brush reach more pores in one treatment to give a soft, luxurious feel whilst cleansing. The bristle material is specially selected to be water resistant.

Click-on brush head

Simply click on or click off the brush head. Easy to fit, our brush heads are compatible across all Visapure models.

Replace every 3 months

For best results, replace the brush every 3 months. The brush is easy to replace by simply pulling off the brush from the device.

Designed for optimal hygiene

The silky soft bristle material of all our VisaPure brush heads is a specially chosen, delicate nylon. This helps to ensure the brush heads are super easy to clean and keep fresh.
