SC5999/00

Anti-pollution cleansing brush

Tough on pollution, gentle on skin

Up to 100% pollution removal erases traces of the city from your face. Removes even the tiniest pollution particles that cleansing by hand alone cannot.

Anti-pollution cleansing

- Removes make up and dirt up to 11x better than hands
- Charcoal infused sponge draws out pollution from the skin
- Increases the absorption of your favourite skincare products
- Pollution particles drawn out and removed from skin

Easy to replace

- Click-on brush head; easy to put on and take off
- Replace every 3 months

5-in-1 bristle technology

- 5-in-1 Bristle technology of VisaPure brush heads

PHILIPS

Anti-pollution cleansing brush head
For skin exposed to pollution For daily use, Replace every 3 months, Easy to replace

SC5999/00

Highlights

Up to 11X better cleansing

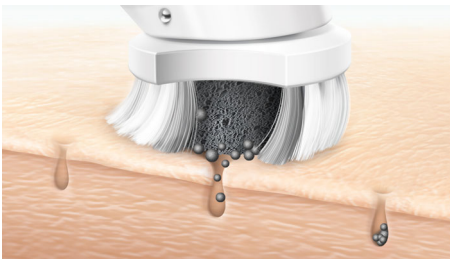

With its unique combination of bristles and carbon infused sponge, the brush is able to remove even the smallest pollution particles, to provide a superior cleanse, while being just as gentle.

Charcoal infused sponge

Charcoal is well known for its excellent absorbent and purifying properties. The charcoal in our brush is natural and comes from carbonated bamboo wood.

Pollution removed from skin

Pollution particles may be tiny but they're a big problem for skin. Clinical tests show that our Anti-Pollution brush successfully removes pollution particles, even PM2.5 and PM10; the tiniest that exist.

Increases absorption of creams

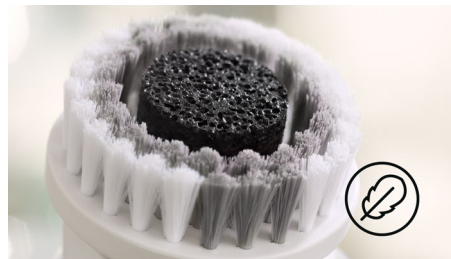

Cleansing with VisaPure means that you remove more make-up residue and dull and dead skin cells. Thanks to the deep cleansing effect, your favourite skincare products such as creams, serums and essences are better absorbed by the skin.

Click-on brush head

Simply click the brush head on and off. Easy to fit, our brush heads are compatible across all Visapure models.

5-in-1 Bristle technology

All VisaPure brushes have unique 5-in-1 bristle technology. Each bristle is polished twice and has silky soft ends to ensure a smooth glide. VisaPure bristles are extra long for absolute skin comfort. To ensure efficacy, VisaPure bristles are smaller than your pores and the dense brush reaches more pores in one treatment to give a soft, luxurious feel whilst cleansing. The bristle material is specially selected to be water resistant.

Replace every 3 months

For best results, replace the brush every 3 months. The brush is easy to replace by simply pulling it off the device.

Specifications

Benefits

- For skin exposed to pollution
