AVENT

Newborn Starter Set

Natural

SCD290/03

Easy to combine with breastfeeding

A handy collection including 4 Natural pink bottles (2 x 4 oz and 2 x 9 oz), a bottle and teat brush, and a pink soother 0-6 months. The new bottle makes bottle feeding more natural, for easily combining breast and bottle feeding.

Easy to combine breast and bottle feeding

- Natural latch on due to the wide breast-shaped teat

A more comfortable and contented feed for baby

- Unique Petals for a soft, flexible teat without collapse

Vents air away from your baby's tummy

- Advanced anti-colic system with innovative twin valve

Easy to hold and grip in any direction

- Ergonomic shape for maximum comfort

Other benefits

- Freeflow soother
- Bottle brush with curved brush head for easy cleaning
- Compatible with the Philips Avent Natural range
- Simple to use and clean, quick and easy assembly

Highlights

Natural latch on

The wide, breast-shaped teat promotes natural latch-on similar to the breast, making it easy for your baby to combine breast and bottle feeding.

Ergonomic shape

Due to the unique shape, the bottle is easy to hold and grip in any direction for maximum comfort, even for baby's tiny hands.

Compatibility across the range

The new Philips Avent Natural bottle is compatible with the Philips Avent range, excluding Classic bottles and cup handles. We advise using the Natural bottles with Natural feeding teats only.

Unique comfort petals

Petals inside the teat increase softness and flexibility without teat collapse. Your baby will enjoy a more comfortable and contented feed.

Freeflow soother

The orthodontic, collapsible teat of the soother respects the natural development of baby's palate, teeth and gums. All our soothers are made from silicone and are taste- and odour-free.

Simple to use and clean

Wide bottle neck makes filling and cleaning easy. Only a few parts for quick and simple assembly.

Advanced anti-colic valve

Innovative twin valve designed to reduce colic and discomfort by venting air into the bottle and not baby's tummy.

Curved brush head

Specially curved brush head and moulded handle-tip reach the corners of all wide neck bottles, teats and feeding products for thorough cleaning.
