Highlights

Guaranteed zero interference

DECT technology guarantees zero interference from any other transmitting product like other baby monitors, cordless phones and mobile phones. Data encryption provides a secure and private connection, so you can be sure that you are the only one that can hear your baby

Superior operating time

The small, rechargeable parent unit will give you the freedom of cordless roaming for up to 24 hours before re-charging is required

Adjustable sound sensitivity

Enables you to adjust the sound and volume levels, so you can hear every giggle, gurgle and hiccup

Extended operating range

With a range of 330 m you can be fully mobile in and around the home

Two way communication

Sometimes all your baby needs is the soothing sound of your voice. With one click of this essential feature you can connect with your baby from anywhere around the home

Soothing night-light

Soft glow comforts baby if she wakes

LEDs light to signal noise

Lights are activated to indicate the level of sound in your baby's room, even if the volume is off
