## Features

### Cup is dishwasher safe

### Angled spout

The angled spout is designed to help toddlers take their first sips easily without tilting their heads back too much.

### BPA-Free

This Philips Avent cup is made from BPA-free material.

### Philips Avent compatibility

All Philips Avent bottles and cups are compatible, excluding glass bottles and Grown Up Cups/My First Big Kid Cups. So you can mix and match to create the perfect cup, suiting your toddler's individual development needs.

### Ergonomic trainer handles

Trainer handles help your toddler to hold the cup and drink independently. These handles are shaped for little hands to grab easily and they are also rubberised for a non-slip grip.

### Hygiene cap

Whether at home or on the go, the protective hygiene cap always keeps the spout clean.

### Leak-free! Mums confirm

No more mess! The new patent-pending valve ensures that water comes out only when the child is drinking from the spout.

### Converts into a free-flow cup

Simply remove the valve and the sippy cup becomes a free-flow cup.
