Highlights

4K Ultra HD

With four times the resolution of conventional Full HD, Ultra HD 4K lights up your screen with over 8 million pixels. Enjoy crisp details, vivid and true-to-life colours when watching sports, games and streaming content.

AirMote

Easily navigate thanks to the intuitive AirMote control by pointing or using gestures to pick and choose what you want to watch.

Bluetooth BoomBoxes

Play your music directly on the projector. Use your Screeneo as a Boombox by connecting your smartphones or any other Bluetooth device to enjoy big sound.

Built-in Media Player

Pop your essentials in your hand with the integrated Media Player: Browse, watch all of your videos, listen to your music or share your latest holiday pictures.

Fully Connected

The Screeneo S Collection comes with all the connectivity you need: Wi-Fi, Bluetooth, USB, HDMI, SPDIF; Connect your game consoles, Blu-ray player, smart boxes or set top boxes to enjoy all your contents.

HDR for advanced contrast

High Dynamic Range is the new video standard that redefines in-home entertainment through advances in contrast and colour. With HDR 10, enjoy a sensory experience that captures the original richness and liveliness, yet accurately reflects the content creator's intent.

Perfect image

Get a perfect picture automatically straight out of the box with the Auto Keystone, Auto focus. Because you won't always place your projector directly opposite the wall, we added 4 corner correction to fine-tune your image and get a perfect fit even if your device is up to 45 degrees to your right of left side.

Smart Android OS for apps

Take full advantage of endless entertainment with Android OS. All your favourite apps are pre-installed out of the box. Enjoy Youtube, Netflix and more!

Superior Stereo Speakers

No need for an extra sound bar or home-cinema! The Screeneo S Collection provides endlessly vibrant, clear and powerful sound with deep bass.
