

Philips
Wireless Bluetooth®
headphones

32mm drivers/ semi-closed
On-ear

SHB5500BK

Wireless, clear and powerful bass

Cut the cables not the quality

Philips wireless headphones featuring Bluetooth connectivity cut cables but not sound quality. Enjoy hours of music and calls with soft cushioned earshells and long lasting battery life.

Powerful sound

- 32mm high intensity drivers for big, clear bass
- Closed-back design for optimum isolation

Make life more convenient

- Bluetooth technology for unrestricted movement
- Convenient Bluetooth wireless music & call control
- Fold flat design for easy storage on the go

Comfortable for long use

- Adjustable earshells and headband fits everyone
- Soft ear cushions for long listening comfort

PHILIPS

Wireless Bluetooth® headphones
32mm drivers/ semi-closed On-ear

Highlights

32mm speaker drivers

32mm high intensity drivers for big, clear bass

Adjustable earshells, headband

The adjustable earshells are designed to always fit your head so you don't even notice you are wearing them.

Bluetooth technology

Pair your headphones with any Bluetooth device to enjoy crystal clear wireless musical entertainment.

Closed-back design

A closed back design isolates music from external sound, allowing you to enjoy music with the fine details and dynamic base it was created with.

Flat foldable design

Designed to give you the best experience on the go, these bluetooth headphones can be easily folded away for easy portability and storage. Its clever design features carefully selected components, including hinges that

SHB5500BK/00

allow the headphone parts to be moved with ease.

Soft, comfortable ear cushions

Soft ear cushions for long listening comfort

Wireless music & call control

When it comes to endless music listening pleasure and hassle-free switching between music and calls, nothing beats Bluetooth! To enjoy your favorite hits, pair your Philips headset with your Bluetooth-enabled smart phone or tablet, then all it takes is a tap on each earshell's intuitive control to change the volume or pause a song while you handle incoming and outgoing calls.
